

VOTER ACCESS GUIDE

Jennifer Brunner
Ohio Secretary of State

Since taking office in 2007, we have worked to provide all Ohioans with elections that are free, fair, open and honest. Creating equal access opportunities for voters with disabilities is one key to achieving this goal. Access must be available for all eligible

voters if we are to achieve the highest level of voter participation.

We will continue to take proactive steps to make sure every Ohioan has equal access to our voting system. These efforts are not limited to physical access to polling locations. Our focus on safe, secure and convenient absentee voting also ensures equal access, whether a voter casts a ballot independently and privately at a early voting location, or by absentee ballot from home.

It is my hope that the information in this guide will help educate Ohio voters about the steps we have taken to ensure all citizens' rights to vote. Within this guide voters may learn how to

register to vote; the accessibility and assistance they should expect at their voting location; and how to take advantage of Ohio's no-fault absentee voting in person or through the mail.

As always, the Secretary of State's office will continue to ensure that all Ohio voters have the tools they need to be full participants in our great democracy. We hope that you find this information useful, and we encourage you to make your voice heard by voting.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Brunner".

Jennifer Brunner

Ohio Secretary of State

VOTING INFORMATION GUIDE FOR VOTERS WITH DISABILITIES

People with disabilities have equal rights under both state and federal law. These laws allow people with disabilities to have complete access to the voting process.

This guide tells you how people with disabilities can vote. If you have questions or need more information, you can:

- Call the Ohio Secretary of State's ADA Coordinator, Brett Harbage at 614-387-6039.
- Go to the Ohio Secretary of State's Web site at *www.sos.state.oh.us*.
 - Call (614) 466-2585 or (877) 767-6446 (toll free) for general information.

TTY ASSISTANCE

The Secretary of State's office maintains a telephone line to provide information on registration and voting for hearing-impaired citizens: (614) 466-0562.

GENERAL INFORMATION

VOTER ELIGIBILITY

You can register to vote in Ohio if you meet all of these conditions:

- You are a citizen of the United States.
- You will be at least 18 years old on or before the day of the next general election.
- You have been a resident of Ohio for at least 30 days before the election in which you want to vote.
- You are not in jail or in prison for a felony under the laws of Ohio, another state or the United States.
- A probate court has not said that you do not have the right to vote.
- You have not been convicted of violating an election law and you have not been told that you are no longer allowed to vote.

REGISTERING TO VOTE

In order to vote, you must register. To register, you must fill out a registration form. You can get a registration form in several ways:

Over the Internet

Go to the Secretary of State's Web site at www.sos.state.oh.us. Print out a voter registration form to fill out.

By phone

Call the board of elections in your county or the Secretary of State's office at (614) 466-2585 or (877) 767-6446 (toll free). Ask them to mail a registration form to you.

In person

Register in person at any of these locations:

- The Secretary of State's office or any of the 88 county boards of elections
- The office of any Deputy Registrar of the Ohio Bureau of Motor Vehicles

- Any of the following offices and organizations:
 - o The Department of Job and Family Services
 - o The Department of Health – Women, Infants and Children (WIC) program
 - o The Department of Mental Health
 - o The Department of Mental Retardation and Developmental Disabilities

- o The Rehabilitation Services Commission

- o Any state-assisted college or university that helps students with disabilities

- Public libraries

- Public high schools or vocational schools

- County treasurers' offices

After you have obtained and filled out the voter registration form, please check it carefully. Then you should:

- Mail or bring it to your county board of elections, the Secretary of State's office, one of the offices or organizations listed above, a public high school or vocational school, or the county treasurer's office.
- Have another person deliver it for you to a county board of elections office or the Secretary of State's office within 10 days of you completing the form.

Make sure that the form you filled out reaches your county board of elections at least 30 days before the election in which you plan to vote. Or, make sure that the form is postmarked no later than 30 days before the election in which you plan to vote.

FREQUENTLY ASKED QUESTIONS

WHEN SHOULD I REGISTER TO VOTE?

- You can register to vote any time during the year. Your registration form must be received 30 days before an election or postmarked no later than 30 days before the election. If it is not, you will not be able to vote in that election.
- Your mailed registration form must be postmarked 30 days before the election. If it is

not, you will not be able to vote in that election.

- Someone else can deliver your registration form for you. That person must bring it to your county's board of elections or to the Secretary of State's office. That person must return your form within ten days and your form must arrive no later than 30 days before the election in which you wish to vote.

WHAT IF I MOVED OR CHANGED MY NAME SINCE THE LAST TIME I VOTED?

- If you are a registered Ohio voter, you must report a change of name or address. Do this by completing a new registration form or a change-of-address form. You can get the form you need at:
 - o The Secretary of State's Web site:
www.sos.state.oh.us

- o The office of any Deputy Registrar of the Ohio Bureau of Motor Vehicles
- o The Department of Job and Family Services
- o The Department of Health – Women, Infants and Children (WIC) program
- o The Department of Mental Health

- o The Department of Mental Retardation and Developmental Disabilities
- o The Rehabilitation Services Commission
- o Any state-assisted college or university that helps students with disabilities
- o Public libraries
- o Public high schools or vocational schools
- o County treasurers' offices

- You can update your voter registration during the 28 days before — and on the day of — the election. This may mean you will have to vote with a provisional ballot.

WHAT IF I AM NOT ABLE TO SIGN MY VOTER REGISTRATION FORM OR OTHER VOTING FORMS?

You must sign or attach a signature to the voter registration form. This is an Ohio law. “Sign” or “signature” is your written, cursive-style legal mark that is written in your own handwriting.

If you do not use a cursive “sign” or “signature” in your regular and legal business, “sign” or “signature” means your other legal mark, such as your printed (non-cursive) name that you use in your regular and legal business. It must be written in your own handwriting.

If you are unable to sign your name

If you can, make an “X” on the signature line. You must then have the person who watched you make that mark put his or her name and address under the signature line.

If you are unable to make an “X”

You must show in some way that you want to register to vote. If you cannot make an “X” on

the signature line, the person who is helping you can sign the form instead. He or she must state that you want to register to vote.

If you are unable to sign your name, make an “X,” or make another legal mark

Have an attorney-in-fact sign your name for you. This person should sign your name when you ask him or her to do so, and while you are watching (see R.C.3501.382). To get an attorney-in-fact, you must first fill out the correct forms with your county board of elections. You can get these forms from the

Secretary of State's Web site at www.sos.state.oh.us. You can also contact your local county board of elections.

WHERE DO I VOTE?

Your voting location depends on the permanent address where you live and are registered to vote. The rules are based on Ohio law.

You will receive a card that tells you where to vote if you:

- Registered to vote for the first time, or
- Have told your county board of elections that you have a new address.

Registered voters can find out where to vote or if they need to update their information. Call your county board of elections or go to the Secretary of State's Web site at www.sos.state.oh.us/SOS/pollinglocation.aspx.

WHAT SHOULD I BRING WITH ME WHEN I VOTE?

You must bring one form of identification with you when you vote. Accepted forms of identification include:

- Current and valid Ohio driver's license

- Current and valid photo identification issued by the State of Ohio or the U.S. government
- Military identification
- Copy of a current utility bill
- Bank statement
- Government check
- Paycheck
- Other government document (but not a document from the Secretary of State or your county board of elections)

All forms of identification must be current, which means that it has not expired or was issued within one year of the date of the election. If you use a utility bill, bank statement, government check, paycheck, or other government document, it must have your current name and address.

CAN I VOTE IF I DO NOT BRING ONE OF THESE FORMS OF IDENTIFICATION WITH ME?

Yes. If you do not bring one of these documents with you, you will still be able to vote. You will need to give the last four digits of your Social Security number. You will then be able to vote with a provisional ballot.

If you do not have any form of identification, including your Social Security number, you can still vote. You will have to sign a form, swearing to your identity under penalty of election falsification (see R.C. 3505.18(A)). You will be able to vote with a provisional ballot.

PROVISIONAL BALLOT

You will receive a provisional ballot if an election official at your voting location tells you that you cannot vote a regular ballot. See the list below for reasons you might not be able to vote a regular ballot.

The content of a provisional ballot and a regular ballot is the same. But, with a provisional ballot, your vote is conditional. Election officials will later decide whether the ballot can count.

You will receive a provisional ballot when:

- Your name does not appear on the official poll list for an election.
- You did not give the needed identification.
- You have already asked for an absentee ballot.
- A notice acknowledging the receipt of your voter registration was sent by the board of elections but returned by the post office as undeliverable.
- There is going to be a hearing after the election to see if you are allowed to vote.
- Your signature does not match the signature on your registration form.

- Precinct officers are not sure if you are allowed to vote.

If you vote with a provisional ballot:

- You generally will not need to give more information if you showed proof of your identity.
- You will need to give more information if you did not show proof of your identity. You will need to go to the board of elections in person and show them your identification. You must do this no later than 10 days after the election is held.

If you are told you cannot vote for some reason — and you think you should be able to vote — you can ask for a provisional ballot and vote with it.

ASSISTANCE AT THE VOTING LOCATION

If you cannot mark your ballot because of a disability or because you cannot read, you can tell an election official that you need help.

WHO CAN PROVIDE HELP?

You can ask anyone to help you vote, except for these people:

- Your employer
- An agent of your employer
- An agent of your union
- Any candidate whose name appears on the ballot

You can also get help in marking your ballot from election officials from two different political parties. By law, no one who helps you vote can tell you how to mark your ballot or provide information to others about how you voted. See R.C.3505.24.

ACCESSIBILITY LAWS PROTECTING PEOPLE WITH DISABILITIES' RIGHT TO VOTE

In Ohio, voting locations are required by state and federal law to be accessible for people with disabilities. You must be able to vote in the same way that other voters do.

AMERICANS WITH DISABILITIES ACT (ADA)

The ADA

- Helps make sure that all people with disabilities are treated fairly.
- Makes sure that people with disabilities can:
 - o Apply for the same jobs.

- o Receive the same state and local government services.
- o Use the same public places, facilities, and transportation as other people.
- Made TDD/telephone relay services possible.

The ADA protects people with disabilities against receiving unequal treatment within state

and local government services, programs and activities (see ADA, Title II).

This law includes the right to vote.

For more information on the ADA please visit the Department of Justice's Web site at www.ada.gov.

HELP AMERICA VOTE ACT (HAVA)

HAVA helps people with disabilities vote by making sure that:

- Voting locations are easy to get to and to use.

- People who are blind or have problems seeing get the help they need.
- Voting is private and personal.

Each precinct must have voting machines that are accessible for people with disabilities.

The Help America Vote Act (HAVA) says that voting systems used in elections for federal office must *“be accessible for individuals with disabilities, including nonvisual accessibility for the blind and visually impaired, in a manner that provides the same opportunity for access and participation (including privacy and independence) as for other voters.”* HAVA section 301 (a)(3)(A).

This same Act says that states can comply with this rule *“through the use of at least one direct recording electronic voting system or other voting system equipped for individuals with disabilities at each polling place.”* HAVA section 301(a)(3)(B).

Some HAVA rules are now state law in Ohio. See R.C.3506.19.

For more information on HAVA visit www.fec.gov/hava/hava.htm.

OHIO LAW

According to the Ohio Revised Code:

- Voting locations must be free of barriers to enter and exit. Nothing should block the entrance or exit.
- Voting locations must have ramps, wide doors and accessible parking. See R.C. 3501.29.

To review the Ohio Revised Code visit codes.ohio.gov.

ALTERNATIVE WAYS TO VOTE

CURBSIDE VOTING

At any polling place that is exempt from the accessibility requirements, if you have a disability and are unable to enter the polling place, you can vote curbside.

Two voting officers from different political parties will bring a ballot to you. You can sit in

your car and vote. Or you can vote at the door of the building.

ABSENTEE VOTING

This is another way to vote. Mail-in absentee voting gives people with disabilities the opportunity to vote without having to travel to their voting location.

If you are registered to vote, you can get a paper ballot and use it to vote. You will return it to the county board of elections by mail or in person.

Note: Make sure you have enough stamps on the envelope when you send it back.

You can also vote in-person before Election Day. In-person absentee voting starts 25 days before a presidential primary and 35 days before a general election. In-person absentee voting ends the day before Election Day.

Call your county board of elections to find out where to vote in-person absentee before Election Day.

ABSENTEE VOTING – FREQUENTLY ASKED QUESTIONS

When do I apply for an absentee ballot?

You can apply for an absentee ballot anytime after January 1st of the year of the election you want to vote in.

Absentee ballots will be ready by these dates:

- 35 days before a primary election
- 35 days before a general election
- 25 days before a presidential primary election

Absentee voting ends the day before the election.

Call your county board of elections to find out about any special elections.

How do I get an absentee ballot?

You must ask for an absentee ballot in writing. You can do this in two ways.

1. You can get the correct form on the Secretary of State's Web site (www.sos.state.oh.us).
or
2. You can ask for an absentee ballot in writing. You will need to give your county board of elections all the information below:
 - Your name

- Your signature
- The address you used when you registered to vote
- Your birth date
- One of these:
 - Your driver's license number, or
 - The last four digits of your Social Security number, or
 - A copy of your current and legal identification (see "What should I bring with me when I vote?")
- The name of the election in which you want to vote (for example, the November presidential election)
- A statement saying you are a qualified voter
- If you are voting in a primary election, you must ask for a specific ballot (for example, you must ask for a ballot to vote for Republicans or Democrats or only issues)
- Your address (if you want your ballot mailed to you)

How do I return my request for an absentee ballot?

After you fill out your request for an absentee ballot, you can return it in several ways:

By mail

Make sure your request form is signed with your original signature. Send it to the board of elections in the county where you are registered to vote.

- ***Deadline to send in your request for a ballot:*** 12:00 noon on the Saturday before the election.
- ***Important.*** Please send your request as soon as possible before the election.

By fax

Only active members of the U.S. armed services, and their spouses and dependents, can fax their absentee ballot applications.

In person

Find out when ballots are available. Then go to your county board of elections during regular business hours. You can ask for and receive your ballot. You can vote at that time.

- ***Deadline to request a ballot:*** The day before the election.

If you have a disability and are confined to a public or private institution:

The county board of elections has a duty to deliver your absentee ballot to you if you have a disability and are confined to a public or private institution. The board of elections will send out two people of opposing political parties to deliver the ballot to you and return it to the board of elections office.

If you have a disability and are confined to a public or private institution, you must fill out an application stating your disability and the fact that you are confined. Send the application to the board of elections.

If you are unable to mark the ballot by reason of your disability, you may request that the two people sent by the board of elections help you in marking the ballot.

If you are in the hospital on Election Day

If you or your minor child must stay in the hospital for medical reasons as a result of an accident or medical emergency, you can still vote.

- Fill out and sign your request for an absentee ballot.
- Bring your request to the board of elections in the county where you registered to vote.
- Your request must say where and why you (or your minor child) are in the hospital and the date of admission to the hospital.
- If the hospital is in the same county where you vote, two officials from the board of elections can bring the ballot to you. They will wait while you vote, and they will bring back the ballot to the board of elections, or
- You can ask a relative to pick up the ballot and bring it to you. You can vote on that ballot. Your relative can then take back the absentee ballot to the board of elections.

- ***Deadline to request a ballot:*** 3:00 p.m. on Election Day.

When do I have to send in the absentee ballot for it to be counted?

Once you have voted, you must return your absentee ballot as follows:

If you voted from anywhere in the United States

In person: return your completed ballot to your county's board of elections. The deadline is 7:30 p.m. on Election Day.

By mail: the ballot must be postmarked no later than the day before the election and received by the board of elections before the eleventh day after the election.

If you are out of the country and want to vote

Fill out your ballot and send it to your county board of elections. The ballot identification envelope cannot be postmarked any day after the election. The county board of elections must receive the ballot by the tenth day after the election.

DO YOU NEED MORE INFORMATION?

If you need more information, contact one of the offices or Web sites listed below.

OHIO SECRETARY OF STATE
